OUR PARTNERS

asisa | GROUP

Asisa Group is a leading health services provider in Spain with international developments around Europe, Latin America, North Africa and now covering the Middle East Region.

Asisa Group is made up of 70 different companies in different medical fields (hospitals, dental clinics, labs, imaging centers, IVF clinics, etc.) with a revenue of over 1.6 billion dollars per year.

Since its origins, ASISA has remained committed to providing quality healthcare driven by excellence, through the promotion, of the unique non-profit health cooperative model, based on reinvestment of its own development and infrastructure and focused on improving health and well-being.

HEALTH INFORMATION SYSTEMS

Green Cube

Green Cube is an electronic health record application developed by Tich Consulting, an ASISA group company. It handles the management of any health centre or network in each of its areas. It includes complete and integrated management of different processes and workflows, allowing for interactions between different healthcare centres. The patient's health record is accessible from anywhere (health centres, mobile devices, internet), always complying with the data security regulations to help attain a higher quality of care.

Green Cube not only provides robust clinical management, but also includes different administrative and statistical management modules with a variety of tools for the use of the data generated by the healthcare system.
Green Cube is a flexible and intuitive system that makes day-to-day work easier for healthcare professionals.

Green Cube Dental

Based on Green Cube technology, Green Cube Dental is an independent application tailored to the specific needs for dental centers. It uses Green Cube modules and workflows, with functions adapted to the specifications of dental clinics, supported by processes unique to the specialty.

Ventures Healthcare is the official distributor for Green Cube and Green Cube Dental in the Middle East

MEDICAL TOURISM

Hospital network – Asisa Group

HLA Hospital Group is a hospital network of the ASISA Group, which is a vertically integrated private healthcare system in Spain, delivering medical care throughout 15 hospitals and 30 multi-speciality medical centres.
